Conditions of Permit Issue

A club permit can only be issued to vehicles in one of the following categories:

- **Veteran** – manufactured before 1 January 1919; or
- **Vintage** – manufactured after 31 December 1918 and before 1 January 1931; or
- **Classic and historic** – manufactured after 31 December 1930, but more than 25 years before the date of the application for a club permit; or
- **Street rod** – manufactured more than 25 years before the date of application for a club permit and modified in excess of the guidelines contained within the Vehicle Standards Information No. 8 (VSI8), *Guide to Modifications for Motor Vehicles*; or
- A replica of a vehicle described above.

A club permit allows the use of the vehicle for up to 45 days or 90 days (as stated) during the permit period, subject to the correct use and completion of the logbook supplied by VicRoads on each driving day.

A club permit is not transferable and does not allow an unroadworthy vehicle to be used on a road.

Suspension or Cancellation of Permit

VicRoads may suspend a club permit if it reasonably suspects that

- (a) the vehicle operated under the club permit is not an eligible vehicle; or
- (b) the permit holder is failing to comply with any of the conditions of the club permit; or
- (c) the permit holder has disposed of a vehicle and has not destroyed the club permit label and the vehicle's log book and removed the number plates
- (d) the permit holder is engaging in conduct which threatens public safety or undermines the integrity of the club permit scheme.

VicRoads may cancel a club permit if any action required by a suspension is not taken within the period stated in the notice and it reasonably believes that a reason for the suspension of the club permit still exists.
